

ALLIANCE SEED AAC REDBERRY

2022 TECH SHEET

AAC Redberry is a very early maturing, high yielding CWRS with good standability and high protein. It has shown very high yields across all prairie production zones from the heat driven south, right up through the parkland regions.

AAC REDBERRY FEATURES:

- **Early maturity;** in field results as much as 1 week earlier
- **High grain protein, HVK and test weights,** even under adverse harvest weather conditions
- High yield potential; 115% of checks through registration trials
- Parentage: Stettler/Glenn
