

ALLIANCE SEED AB CATTLELAC

2022 TECH SHEET

AB Cattlelac is a semi-smooth awned barley that was **ranked #1 for forage yield** in 2 years of Coop testing. Coupled with good lodging resistance, great grain yield and excellent disease resistance, livestock producers can feel confident AB Cattlelac is the luxury barley of choice for their operations.

AB CATTLELAC FEATURES:

- Excellent forage yield throughout registration trials; 105% of AC Ranger.
- Grain yields similar to other top yielding feed barleys
- High cow carrying capacity
- Improved lodging over AC Ranger
- Semi-smooth awned 6 row

GROWER EXPERIENCE

"I was really impressed with how well AB Cattlelac did through one of the driest years on record here. It made a really nice leafy plant, but I think where it really shines is in the size and plumpness of the heads and it's yield. It should do well as both a forage source and also feed grain source for our cattle." - Ashley Kattler, Deep Lake Livestock. Indian Head, Saskatchewan.
