

ALLIANCE SEED AAC LEROY VB

AAC LeRoy VB has the amazing combination of high yields, disease resistance, consistent harvest quality **AND** midge tolerance that makes it a go-to variety for farmers across Western Canada.

AAC LeRoy VB strengths:

- Higher yielding than all of the checks, yielding 113% of Carberry and 110% of Unity.
- Maturity 2 days earlier than Carberry, 1 day later than Unity
- Lodging score better than Unity, and within range of checks
- Height 6 cm shorter than Unity
- Kernel weight higher than all of the checks
- Excellent disease resistance
- Resistance to Wheat Midge

AAC LeRoy VB neutral traits:

- Test weight within range of the checks

AAC LeRoy VB weaknesses:

- Grain protein concentration 0.6 units lower than Carberry
- MS reaction to leaf spot

Parentage: BW431/Carberry

CWRS
