

AAC Weyburn VB proves you can have it all; a high yielding durum variety that comes with standability, disease resistance **PLUS** the added benefits of Stem Sawfly resistance and Wheat Midge Tolerance.

## **AAC Weyburn VB strengths:**

- High grain yield, higher yielding than the mean of check cultivars.
- High falling number for good preharvest sprouting resistance
- Low grain cadmium content
- Wheat midge tolerance
- Solid stem, providing resistance to Stem Sawfly

## **AAC Weyburn VB neutral traits:**

• MS to FHB, no different than checks

# **AAC Weyburn VB weakness:**

 Grain protein concentration slightly lower than AC Navigator
